

ICONN 2008

Monday 25 February to Friday 29 February 2008

2008 International Conference on
Nanoscience and Nanotechnology
Melbourne Convention Centre, Victoria, Australia

The 2008 International Conference On Nanoscience and Nanotechnology will bring together the Australian and International community (students, scientists and engineers from academia, Govt. laboratories and industry) working in the field of nanoscale science and technology to discuss new and exciting advances in the field.

Plenary speakers include Dr Don Eigler from IBM (USA) and Dr Clayton Teague, US Policy Advisor from the National Nanoscience Coordination Office, along with 41 invited speakers, including industry leaders such as Roy Rose (ITL), Jackie Fairley (Starpharma) and Leo Hyde (DuPont).

Join 700 delegates and 25 exhibitors and find out how nanotechnology is disrupting industries around the world from pharmaceuticals to mining. Learn about OH&S and regulatory issues affecting the adoption of nanotechnology in your industry.
